The "My Timeline" of the Higashi family, who live near a big river in Tokyo

Me	Kyotaro Higashi: Active in the neighborhood association
My wife	Kyoka Higashi
Our son	Kyonosuke Higashi
My mother	Kyoko Higashi: Has a chronic disease.

* My sister and her family live on high ground a few stations away.

When a typhoon is approaching!

Name: Kyotaro Higashi

Family structure: Me, Kyoka, Kyonosuke, mother

3-5 days before — 0 hours

Alert level	1	2	3	4	5
Evacuation information	Information on evacuation	Call for voluntary evacuation and other precautions	Evacuation of the elderly, etc.	Evacuation instruction	Emergency Safety Measures

Required Information

◎: Particularly Required Information
○: Required

Early Advisory Information

Weather Information on heavy rainfall※	Level 2 Advisory (Heavy Rain)	Level 3 Warning (Heavy Rain)	Level 4 Urgent Warning (Heavy Rain)
Weather information on wind	Gale Advisory	Storm Warning	

※Confirm the KIKIKURU heavy rain warnings.
※For flooding in rivers other than those subject to flood warnings, this information will be covered in the heavy rain updates, along with inland flooding (flood damage).

▼ Information required depending on where you live — Place a ◎ or ○ sticker on the required information!

☐ Information on storm surge	Level 2 Advisory (Storm Surge)	Level 3 Warning (Storm Surge)	Level 4 Urgent Warning (Storm Surge)
◎ Information on river flooding※	Level 2 Advisory (Flood)	Level 3 Warning (Flood)	Level 4 Urgent Warning (Flood)
☐ Information on landslides※	Level 2 Advisory (Landslide)	Level 3 Warning (Landslide)	Level 4 Urgent Warni

※Confirm the KIKIKURU flood warnings. ※Flood advisories are issued for each river subject to flood forecasting.
※Confirm the KIKIKURU landslide warnings.

※Disaster prevention weather information are not necessarily announced in the order shown above, and it is only a rough guide.

I checked the hazard map and found that my house would be flooded

Mother will evacuate early, so start preparing as soon as "Level 2 Advisory(Heavy Rain)" and other alerts are issued!

Inform sister that we will be coming over to stay at her home for a while

Start evacuating after calling on others in the neighborhood to evacuate

Help mother evacuate early as the evacuation will take some time

Call on others in the neighborhood to evacuate, to the extent that it does not affect our own evacuation

Check hazard map to confirm that sister's house is not flooded

Action

My family and I

- Start of evacuation preparations — Time required to prepare (60) min
- Time required to prepare: 60 minutes
- Contact (sister)
- Reconfirm safe evacuation routes with hazard maps
- Confirm medication for (mother)
- Start evacuation (Me) — Time required to evacuate (40) min
- Time required to evacuate: 40 minutes
- (Me) Evacuation completed
- Start evacuation (Kyoka, mother, Kyonosuke) — Time required to evacuate (90) min
- Time required to evacuate: 90 minutes
- (Kyoka, mother, Kyonosuke) Evacuation completed

Area

- Reconfirm the division of labor at the neighborhood association — Time required (15) min
- Calling on others in the neighborhood — Time required (30) min

Evacuation sites

My sister's house

Occurrence or imminence of disaster

The "My Timeline" of the Higashi family, who live near a landslide warning area, where there is the threat of flooding of their home.

Level 2 Advisory (Flood) | Level 3 Warning (Flood) | Level 4 Urgent Warning (Flood)

※Confirm the KIKIKURU flood warnings. ※Flood advisories are issued for each river subject to flood forecasting.

Information on landslides※

Level 2 Advisory (Landslide) | Level 3 Warning (Landslide) | Level 4 Urgent Warning (Landslide)

※Confirm the KIKIKURU landslide warnings.

Note: Alert levels and disaster prevention weather information are not necessarily announced in the order shown above, and it is only a rough guide.

Action

My family and I

- Check TV for information on water levels and damage
- Review the My Timeline you created
- Start of evacuation preparations — Time required to prepare (60) min
- Reconfirm safe evacuation routes with hazard maps
- Confirm the items to be taken out (cash, emergency rations, etc.)
- Start evacuation — Time required to evacuate (30) min
- Evacuation completed

Time required to prepare: 60 minutes

Time required to evacuate: 30 minutes

Area

- Call on neighbors to evacuate — Time required (10) min
- Call on people's homes on the way to the evacuation site

Check the website of the Japan Meteorological Agency or other organizations, or press the "d button" on your TV remote control to check weather information, river level information, evacuation information, etc!

When evacuating with family, call on neighbors to the extent that our own evacuation is not affected

Check evacuation sites indicated on hazard maps
* It may not necessarily be a nearby facility

Evacuation sites

○○ Elementary School

Occurrence or imminence of disaster

The "My Timeline" of the Higashi family who live near a small river (in an area where the flooding is not so deep)

Me: Kyotaro Higashi
My wife: Kyoka Higashi
Our son: Kyonosuke Higashi

Action

My family and I

- Check weather and other information frequently on TV, etc.
- Review the My Timeline you created
- Start of evacuation preparations — Time required to prepare (40) min
- Time required to prepare: 40 minutes
- Start evacuation (Kyoka and Kyonosuke) — Time required to evacuate ( ) min
- (Kyoka and Kyonosuke) Evacuation completed
- Contact (Kyoka and the others)
- I will wait at my workplace until it is safe
- Move bank passbooks, etc., on the 1st floor to the 2nd floor or higher. Time required (20) min

Area

- Kyoka and the others talk with the neighbors and pile up sandbags at the house. Time required (20) min
- Phone acquaintances

Families should review the "My Timeline" they created in advance to prepare for windstorms and floods!

Think about what you can do in your home after ensuring your safety

Go to the 2nd floor or higher of a solid building

Evacuation sites
Move to 2nd or 3rd floor
Move from underground to above ground

Me: My workplace
Kyoka and Kyonosuke: 2nd floor or higher of our home

Occurrence or imminence of disaster
